

NOTICE OF INTENT

Department of Environmental Quality
Office of Environmental Assessment
Environmental Planning Division

Fee Increases for FY03 and FY04
(LAC 33:I, III, V, VII, IX, XI, and XV) (OS041)

Under the authority of the Environmental Quality Act, R.S. 30:2001 et seq., and in accordance with the provisions of the Administrative Procedure Act, R.S. 49:950 et seq., the secretary gives notice that rulemaking procedures have been initiated to amend the Environmental Quality regulations, LAC 33:I, III, V, VII, IX, XI, and XV (Log #OS041).

Act 134 of the 2002 Extraordinary Session of the Louisiana Legislature provided for a 20 percent increase in fees effective for Fiscal Year 2003 and a 10 percent increase in fees above that effective for Fiscal Year 2004. This action is required to fund some portion or all of the 150 positions that are currently authorized in the FY02 budget, but which are below the line in the FY03 Executive Budget. The basis and rationale for this rule are to provide additional funds for the continued operation of the department.

The department has submitted a report to the Legislative Fiscal Office and the Joint Legislative Committee on the Budget demonstrating that the environmental and public health benefits outweigh the social and economic costs reasonably expected to result from the proposed rule. This report is published in the Potpourri Section of the December 20, 2002, issue of the *Louisiana Register*. This proposed rule has no known impact on family formation, stability, and autonomy as described in R.S. 49:972.

A public hearing will be held on January 24, 2003, at 1:30 p.m. in the Maynard Ketcham Building, Room 326, 7290 Bluebonnet Boulevard, Baton Rouge, LA 70810. Interested persons are invited to attend and submit oral comments on the proposed amendments. Attendees should report directly to the hearing location for DEQ visitor registration, instead of to the security desk in the DEQ Headquarters building. Should individuals with a disability need an accommodation in order to participate, contact Lynn Wilbanks at the address given below or at (225) 765-0399.

All interested persons are invited to submit written comments on the proposed regulations. Persons commenting should reference this proposed regulation by OS041. Such comments must be received no later than January 31, 2003, at 4:30 p.m., and should be sent to Lynn Wilbanks, Regulation Development Section, Box 82178, Baton Rouge, LA 70884 or to FAX (225) 765-0389 or by e-mail to lynnw@deq.state.la.us. Copies of this proposed regulation can be purchased by contacting the DEQ Records Management Section at (225) 765-0843. Check or money order is required in advance for each copy of OS041.

This proposed regulation is available for inspection at the following DEQ office locations from 8 a.m. until 4:30 p.m.: 7290 Bluebonnet Boulevard, Fourth Floor, Baton Rouge, LA 70810; 1823 Highway 546, West Monroe, LA 71292; State Office Building, 1525 Fairfield Avenue, Shreveport, LA 71101; 3519 Patrick Street, Lake Charles, LA 70605; 201 Evans Road, Building 4, Suite 420, New Orleans, LA 70123; 111 New Center Drive, Lafayette, LA 70508; 104 Lococo Drive, Raceland, LA 70394 or on the Internet at <http://www.deq.state.la.us/planning/regs/index.htm>.

Explanatory Notes for Fee Schedule

Notes 1. – 10. ...

- Note 11. The maximum annual maintenance fee for categories 1430 - 1490 is not to exceed ~~\$28,658~~ 34,390 total, effective July 1, 2002, for any one gas transmission company. Effective July 1, 2003, the maximum fee is not to exceed \$37,829.
- Note 12. The maximum annual maintenance fee for one location with two or more plants shall be ~~\$1,297~~ 1,556, effective July 1, 2002. Effective July 1, 2003, the maximum fee shall be \$1,711.
- Note 13. Fees will be determined by aggregating actual annual emissions of each class of toxic air pollutants (as delineated in LAC 33:III.Chapter 51.Table 51.1) for a facility and applying the appropriate fee schedule for that class. Fees shall not be assessed for emissions of a single toxic air pollutant over and above 4,000 tons per year from a facility. The minimum fee for this category shall be ~~\$100~~ 120, effective July 1, 2002. Effective July 1, 2003, the minimum fee shall be \$132.
- Note 14. Fees will not be assessed for emissions of a single criteria pollutant over and above 4,000 tons per year from a facility. Criteria fees will be assessed on actual annual emissions ~~which~~ that occurred during the previous calendar year. The minimum fee for this category shall be ~~\$100~~ 120, effective July 1, 2002. Effective July 1, 2003, the minimum fee shall be \$132.

**FISCAL AND ECONOMIC IMPACT STATEMENT
FOR ADMINISTRATIVE RULES**

The following information is requested in order to assist the Legislative Fiscal Office in its review of the fiscal and economic impact statement and to assist the appropriate legislative oversight subcommittee in its deliberation on the proposed rule.

- A. Provide a brief summary of the content of the rule (if proposed for adoption or repeal) or a brief summary of the change in the rule (if proposed for amendment). Attach a copy of the notice of intent and a copy of the rule proposed for initial adoption or repeal (or, in the case of a rule change, copies of both the current and proposed rules with amended portions indicated).

Act 134 of the 2002 Extraordinary Session of the Legislature provided for a 20% increase in fees effective for FY03, and a 10% increase in fees above those in effect for FY03 effective for FY04.

- B. Summarize the circumstances which require this action. If the Action is required by federal regulation, attach a copy of the applicable regulation.

This action is required to fund some portion or all of the 150 positions that are currently authorized in the current year's budget, but which are below the line in the FY03 Executive Budget.

- C. Compliance with Act II of the 1986 First Extraordinary Session
(1) Will the proposed rule change result in any increase in the expenditure of funds? If so, specify amount and source of funding.

There will be an increase in the expenditure of funds commensurate with the increase in fee revenue.

- 2) If the answer to (1) above is yes, has the Legislature specifically appropriated the funds necessary for the associated expenditure increase?

- (a) x Yes. If yes, attach documentation.
(b) No. If no, provide justification as to why this rule change should be published at this time.

Act 134 of the 2002 Extraordinary Session of the Legislature authorized the increase in fees.

FISCAL AND ECONOMIC IMPACT STATEMENT**WORKSHEET****I. A. COSTS OR SAVINGS TO STATE AGENCIES RESULTING FROM THE ACTION PROPOSED**

1. What is the anticipated increase (decrease) in costs to implement the proposed action?

COSTS	FY 02-03	FY 03-04	FY 04-05
PERSONAL SERVICES			
OPERATING EXPENSES			
PROFESSIONAL SERVICES			
OTHER CHARGES			
EQUIPMENT			
TOTAL	0	0	0
MAJOR REPAIR & CONSTR.			
POSITIONS (#)			

2. Provide a narrative explanation of the costs or savings shown in "A.1.", including the increase or reduction in workload or additional paperwork (number of new forms, additional documentation, etc.) anticipated as a result of the implementation of the proposed action. Describe all data, assumptions, and methods used in calculating these costs.

The rule will produce no costs or savings.

3. Sources of funding for implementing the proposed rule or rule change.

SOURCE	FY 02-03	FY 03-04	FY 04-05
STATE GENERAL FUND			
AGENCY SELF-GENERATED			
DEDICATED			
FEDERAL FUNDS			
OTHER (Specify)			
TOTAL	0	0	0

4. Does your agency currently have sufficient funds to implement the proposed action? If not, how and when do you anticipate obtaining such funds?

No funds are necessary to implement the rule.

B. COST OR SAVINGS TO LOCAL GOVERNMENTAL UNITS RESULTING FROM THE ACTION PROPOSED.

1. Provide an estimate of the anticipated impact of the proposed action on local

governmental units, including adjustments in workload and paperwork requirements. Describe all data, assumptions and methods used in calculating this impact.

The impact will be a 20% increase in fees for FY03 and an additional 10% for FY04 for any local entity that holds a valid operating permit.

FISCAL AND ECONOMIC IMPACT STATEMENT**WORKSHEET****II. EFFECT ON REVENUE COLLECTIONS OF STATE AND LOCAL GOVERNMENTAL UNITS**

A. What increase (decrease) in revenues can be anticipated from the proposed action?

REVENUE INCREASE/DECREASE	FY 02-03	FY 03-04	FY 04-05
STATE GENERAL FUND			
AGENCY SELF-GENERATED	\$7,200,000	\$11,520,000	\$11,520,000
RESTRICTED FUNDS*			
FEDERAL FUNDS			
LOCAL FUNDS			
TOTAL	\$7,200,000	\$11,520,000	\$11,520,000

*Specify the particular fund being impacted.

B. Provide a narrative explanation of each increase or decrease in revenues shown in "A." Describe all data, assumptions, and methods used in calculating these increases or decreases.

DEQ currently generates approximately \$36 million annually. Based on these collections, a 20% fee increase would result in an approximate \$7,200,000 increase in fee collection in FY03. A 10% fee increase in FY04 based upon the level of fees imposed on June 30, 2003, would generate an additional \$4,320,000 million in FY04 over and above the \$7,200,000 increase in FY03. No growth is assumed on future collections.

III. COSTS AND/OR ECONOMIC BENEFITS TO DIRECTLY AFFECTED PERSONS OR NONGOVERNMENTAL GROUPS

A. What persons or non-governmental groups would be directly affected by the proposed action? For each, provide an estimate and a narrative description of any effect on costs, including workload adjustments and additional paperwork (number of new forms, additional documentation, etc.), they may have to incur as a result of the proposed action.

Directly affected persons would be members of the regulated community whose fees are deposited into the Environmental Trust Fund.

Directly affected persons would pay an additional \$7,200,000 in fees in FY03 and an additional \$11,520,000 each fiscal year thereafter.

B. Also provide an estimate and a narrative description of any impact on receipts and/or income resulting from this rule or rule change to these groups.

The proposed rule will have no impact.

IV. EFFECTS ON COMPETITION AND EMPLOYMENT

Identify and provide estimates of the impact of the proposed action on competition and employment in the public and private sectors. Include a summary of any data, assumptions and methods used in making these estimates.

The proposed rule will have no effect on employment in the public and private sectors.
